

## PROJEKTLIAD CONSULTING / PROFESSIONAL SERVICES DIGITAL TRANSFORMATION (M/W/D)

For us, the future is digital. Even more digital than it currently is. We believe in a digitally unified world - and we are at the forefront of achieving and shaping exactly that.

INPOSIA is a young, up-and-coming, internationally positioned company in the growth market of digitalization. In order to be able to continue to implement the increasing and diverse requirements of our customers in a qualified manner, we are looking for responsible and committed employees for the position of Project Manager Consulting / Professional Services Digital Transformation (m/f/d) for the Berlin and Karlsruhe locations.

### WHAT TO EXPECT?

- Recording, analysis, evaluation and implementation of our customers' requirements for further development and optimization of business processes.
- Design and implementation of e-Invoicing and EAI / EDI processes, interfaces and mappings as well as their commissioning
- Support of customer relations, also beyond the end of the project

### WHAT SHOULD YOU BRING?

- Successfully completed vocational training (IT specialist, IT system administrator, comparable commercial training) and/or completed studies (business informatics, computer science or comparable) or already several years of professional experience in this field
- At least 3 years of professional experience
- You have very good analytical skills and have a technical affinity with the motivation for continuous professional and personal development
- Good knowledge of German and English, written and spoken
- Experience with integration platforms (e.g. tradexpress, lobster, BIS, ET Connector, etc.) or with common EAI/EDI standards and technologies (e.g. EDIFACT, VDA, XML, IDoc, SOAP, REST, AS2, SFTP, ALE, etc.) is desirable
- You work reliably, independently and focused
- You are interested in modern technologies and innovation topics.

### WHAT DO WE OFFER?

- A responsible task as Consultant / Project Manager (m/f/d) in the IT digitization and integration environment
- Variety and demanding tasks in the implementation of integration solutions.
- A highly committed, professional team of colleagues
- Short decision-making paths and flat hierarchies
- Sustainable products, exciting prospects and the opportunity to actively promote the growth of our company
- A young, open corporate culture with flexibility and scope for personal responsibility and initiative
- Home office possibility
- Company pension scheme to secure your financial future

We look forward receiving your detailed application:
